**Subject: Provision for additional employment over and above 100 days per household under Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) in notified drought affected areas of Andhra Pradesh**

**I. Background**

The Government of Andhra Pradesh has declared **296 Mandals in 6 Districts of Andhra Pradesh** as drought affected mandals in the State during Kharif 2018 (notification copy enclosed), under relevant State regulations. As a result of the adverse impact on agriculture operations in these areas, there is a likelihood of increased demand for wage employment on public works. The Department of Agriculture, Corporation & Farmers Welfare, MoA&FW, vide their letter No. 1-3/2018-DM dated 11.10.2018 has recommended extending the benefit of additional 50 man-day wage employment per household under MGNREGA in the drought affected areas.

**II. Special dispensation in drought affected/hit Areas**

1. Currently, funds are being provided to the States/UTs under Section 22 of MGNREG Act for meeting the cost of employment upto 100 days per household in a financial year. As per the funding pattern, the Central Government funds the entire cost of unskilled employment upto 100 days per household and 75% of the corresponding cost of materials (including semi-skilled and skilled employment). The cost of employment over and above 100 days, if any, is borne by respective State/UT Governments.
2. In view of the likelihood of increased demand for employment on public works due to the drought situation, it has been decided, under Section 3(4) of MGNREGA, to provide upto **50 days of additional employment** in notified drought affected regions in the **financial year 2018-19**.

3. This additionality is subject to the following conditions:

- (i) There is a Labour Budget (LB) which has been agreed to by the states/UTs and Central Government for the current financial year. LB includes an approved Shelf of Projects. Works will be taken up from this approved shelf. Initially, funds will be provided to States as per agreed to LB from where they will continue to meet the expenditure on account of providing employment upto 100 days and also for the increased number of days in notified areas;
- (ii) If the approved shelf of projects in the agreed to LB is not adequate for meeting the increased demand for employment, a supplementary list should be prepared, in accordance with works specified in Schedule I of the Act. However, states will make efforts to convince Gram Sabhas/ Gram Panchayats to give higher priority to drought proofing works including works relating to water and soil conservation in line with the objectives of Pradhan Mantri Krishi Sinchayee Yojana (PMKSY);
- (iii) Proposals for a revision of LB, if required, may be submitted by States/UTs in the same format and following the same procedure as for original LB. Based on an assessment of demand for employment, potential for providing employment on ongoing works and other factors, the Empowered Committee Chaired by Secretary, Department of Rural Development will take a decision on the proposal;
- (iv) All other non-negotiables (conditions on use of machinery, wage material ratio, ban on contractors, etc.) and the stipulated processes in MGNREGA (such as 50% of the works in terms of cost to be assigned to Panchayats for implementation, wage rate, muster rolls, Social Audit, etc) will continue to apply.

### **III. MIS**

- (i) Currently, NREGASoft does not allow data entries for employment above 100 days to a HH in a financial year unless specifically requested for by the State/UT. In view of the decision referred to above, NREGASoft is being appropriately modified to allow entries for employment to registered HHs upto 150 days in notified tehsils.
- (ii) In addition to the existing arrangements for keeping details of employment upto 100 days, NREGASoft will keep separate details of expenditure on account of employment cost (wages and material separately) upto 50 days beyond the stipulated 100 days.

### **IV. Audit of Accounts and SEGF**

The scheme funds including SEGF will be audited in accordance with the provisions of the Act and instructions/guidelines issued by the Central Government from time to time. Accounts of Implementing Agencies and SEGF will show separately, expenditure incurred on account of raising the limit from 100 to 150 days. The Auditor will also certify whether the funds released have been utilized in accordance with the norms/guidelines and whether funds required to be credited by States in SEGF have been done or not.

Yours faithfully,

**GOVERNMENT OF ANDHRA PRADESH**  
**ABSTRACT**

Revenue (Disaster Management) Department - Drought – South West Monsoon 2018 - Kharif (early season) – 2018 - Declaration of 274 Mandals as Severe Drought affected and 01 Mandal as Moderate Drought Affected in Six (6) Districts - Orders – Issued.

**REVENUE [DM.II] DEPARTMENT**

G.O.MS.No. 6

Dated: 08-08-2018 ✓

Read the Following:-

1. G.O.Rt.No.267, Revenue (DM.II) Department, dt. 29.10.2013.
2. Letter Nos 12021/6/2018/DM.II/A1/2018, dated: 05.07.2018, 25.07.2018 & 03.08.2018 of Spl Commissioner, Disaster Management & EOJS to Govt.
3. Reports received from the District Collectors of Krishna, Guntur, Prakasam, Nellore, Chittoor, Ananthapuramu, YSR Kadapa, Kurnool and Srikakulam.
4. Minutes of the Meeting of the Committee on Drought held on 08.08.2018.

\*\*\*

**ORDER:**

During the period from 01.06.2018 to 31.07.2018 of South West Monsoon the cumulative average rainfall received in the State is 214.8 mm as against the Normal of 245.0 mm which shows deviation of (-) 12.3 %.

2. As per the revised Manual for Drought Management – 2016, the proposals for declaration of Drought Mandals should be examined with reference to the following guidelines for early season Drought kharif and the District Collectors should send specific reports to the Government, taking Mandal as unit:

**Early season Drought (kharif):** Early season drought for kharif may be considered during the month of August by taking into consideration of Mandatory and Impact Indicators up to the end of July 2018.

**Step 1**

**Mandatory Indicators,** Viz. Rainfall deviation or SPI or Dry Spell will be considered as per Matrix shown below to assess if the first drought trigger is set off.

**Matrix for rainfall deviation and dry spells (Trigger -1)**

RF deviation of/ SPI	Dry Spell	Drought Trigger
Deficit or Scanty RF/SPI <-1	Yes	Yes
Deficit or Scanty RF/SPI <-1	No	Yes, if rainfall is scanty or SPI < -1.5, else No
Normal Rainfall/SPI >-1	Yes	Yes
Normal Rainfall/SPI >-1	No	No

(or)

The State Government could consider declaring a drought if the total rainfall received during the months of June and July is deficient by 50% or more as compared to the Normal Rainfall accompanied or otherwise with dry spell, and if there is an adverse impact on area under sowing, vegetation and soil moisture.

**Step: 2**

In the event that the first drought trigger is set off in Step 1, the impact indicators will be examined as per the following matrix:

**Matrix for impact indicators (Trigger 2)**

Mandatory Indicator		Impact Indicators				Category of Drought
Rainfall Indices		Agriculture	Remote Sensing	Soil Moisture	Hydrology	
Rainfall Deviation or SPI	Dry Spell	Crop Area sown	VCI or NDVI, NDWI deviations	PASM/MAI	SFI/RSI/GW DI	

3

608

It may consider any three out of four types of the impact indicators (one from each) for assessment of drought.

**Explanation:**

The intensity of the drought will be contingent upon the values of at least three out of four impact indicators Viz. Agriculture, Remote Sensing, Soil Moisture and Hydrology in the following manner.

- **Severe Drought:** If at least two of the selected 3 impact indicators are in 'Severe' category and one is in 'Moderate' category.
- **Moderate Drought:** If at least two of the selected 3 impact indicators are in 'Moderate' category.
- **Normal:** for all other cases.
- **Trigger 2** will be set off in the event of a finding of Severe or Moderate drought.
- The State has an option to reduce the drought category by one rank (i.e. Severe to Moderate) if the irrigation percentage of the administrative region (District/Taluk/Block/Mandal) for which drought is being declared is more than 75%.
- However, in such a situation of reduction of drought intensity from 'Moderate' to 'Normal', the State Government will still be required to conduct field verification as prescribed in Step 3 below.

**Step 3:**

In the event that Trigger 2 is set off, the District level officials concern have to conduct sample survey for Ground Truthing. The finding of field verification exercise will be the final basis for judging the intensity of drought as Severe or Moderate.

3. A meeting of the Committee on Drought constituted vide G.O 1<sup>st</sup> read above to scrutinize the proposals submitted by the District Collectors for declaration of Drought affected Mandals held on 08.08.2018. The Committee have examined in detail the proposals received from the District Collectors of Krishna, Guntur, Prakasam, Nellore, Chittoor, Ananthapuramu, YSR Kadapa, Kurnool and Srikakulam for declaration of Drought affected Mandals in Kharif (early season)- 2018 with reference to the guidelines prescribed by Government of India revised manual for Drought Management-2016 and recommended to the Government that 275 Mandals as Drought affected – 274 mandals categorized as Severe Drought and 01 Mandal as Moderate Drought - in Six (6) Districts i.e. Prakasam, Nellore, Chittoor, Ananthapuramu, YSR Kadapa and Kurnool during kharif (Early season) – 2018.

4. Government after careful examination of the reports furnished by the District Collectors in the reference 3<sup>rd</sup> read above, and recommendations of the Committee on Drought in the reference 4<sup>th</sup> read above it is decided to issue a Notification (ANNEXURE-1) for declaration of 275 Mandals (as in the Annexure-II) as Drought affected – 274 Mandals categorized as Severe Drought and 01 Mandal as Moderate Drought - in Six (6) Districts i.e. Prakasam (40 Severe), Nellore (45 Severe), Chittoor (58 Severe), Ananthapuramu (44 Severe), YSR Kadapa (50 Severe & 1 Moderate) and Kurnool (37 Severe) during kharif (Early season) – 2018.

5. The District Collectors concerned shall ensure deletion of the notified municipal/urban areas and areas falling under permanent assured irrigation sources. Urban Mandals which are not declared as drought affected, shall be treated on par with drought affected Mandals for the purpose of drinking water. The District Collectors concerned shall issue the notification in the District Gazette as mentioned in Annexure-I & II in Telugu and take immediate further necessary action.

6. The Commissioner and Director of Printing, Stationery and Stores Purchase (Printing Wing), Andhra Pradesh shall publish the notification in the extra-ordinary issue of Andhra Pradesh Gazette dated.09/08/2018.
